## Finance update to end of July – For discussion / approval

Highlights – Forecast

| £       | Area             |   |
|---------|------------------|---|
|         | Income           |   |
| (680)   | Cemetery income  | Likely to be below budget                         |
| +590    | Donations        | VE Day / Penfield                                 |
| +478    | VAT              | Additional received re last year                  |
| +281    | SKDC grant       | RE VE Day   |
| 669     |                  |   |
|         | Costs            |   |
| (900)   | Park inspections | Additional agreed costs                           |
| (1,998) | Penfield         | Additional costs approved as underspent last year |
| (570)   | Defibrillator    | Additional costs                                  |
| (8)     | Cheese and wine  | Additional costs                                  |
| (1,225) | VE day           | Additional costs – income in last year            |
| (1,000) | New mower        | Unexpected costs – not yet forecast               |
| (5,701) |                  |   |
|         |                  |   |
| (5,032) | Overspend        | Versus budget                                     |
|         |                  |   |
| 22,015  |                  | Forecast cash held at end of March 2026           |
| 17,800  |                  | Minimum requirement                               |
|         |                  |   |

We are forecasting an overspend of £5,032 against the budget. This will reduce our cash reserves although these are still forecast to be within the minimum requirement to be maintained.

Councillors are requested to **DISCUSS** and **APPROVE** the overspend against budget and forecasts and to **CONSIDER** potential other areas of expenditure on unbudgeted projects and re-allocation of budgets.

## Risks

- Cemetery income even lower than forecast
- Additional parks maintenance costs mandatory repairs
- Poor budget control in other areas
- Managing / Funding for other earmarked projects (speeding / village gates etc)

## **Opportunities**

- Contingency budget utilised although best held for unknown significant
- Review other discretionary spend to re-allocate funding.
